

# CAD & Philosophy

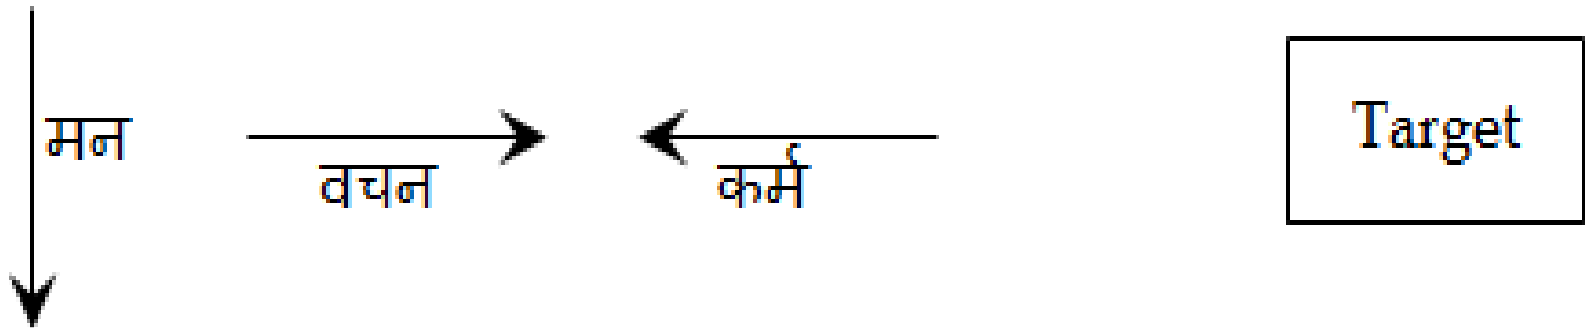

- When a person's Thought, Speech & Action are in positive direction he is more likely to achieve results.

When all these act in negative direction (as compared to his desires and targets) he is more likely to fail.

# CAD & Philosophy

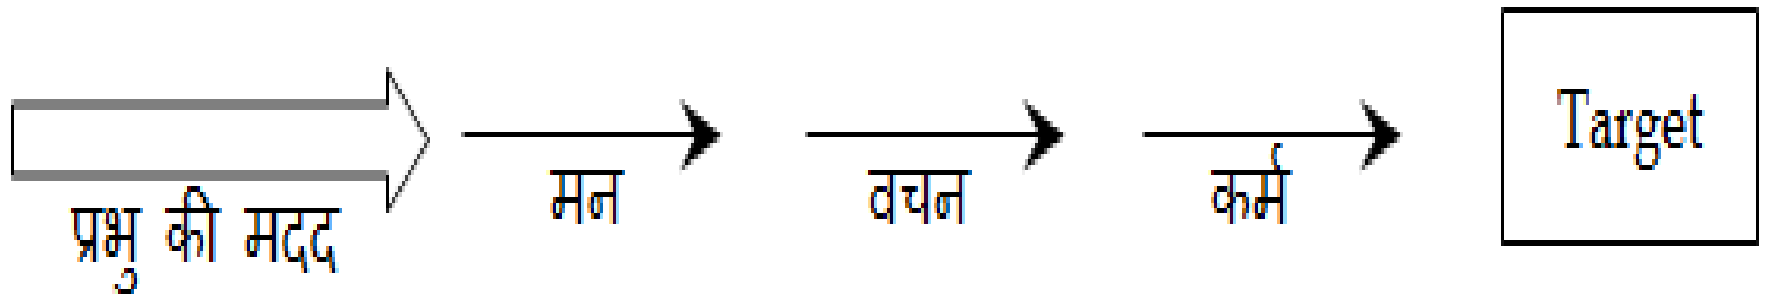

- Some people act as under:

- How can they achieve success?

# CAD & Philosophy

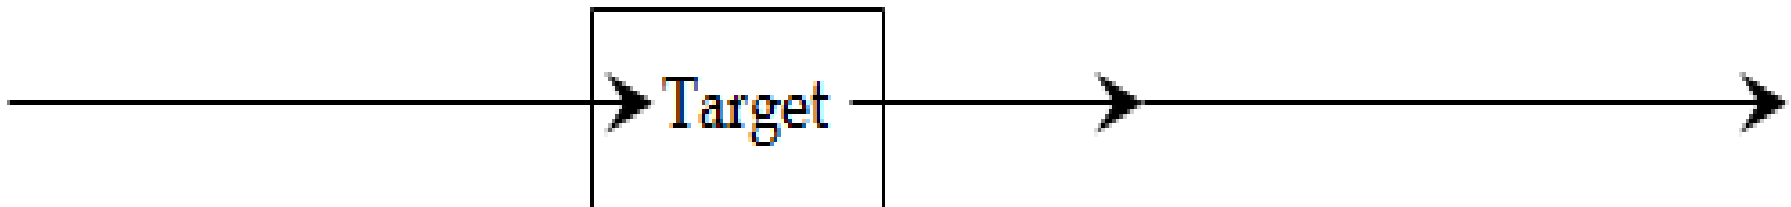

- When the target is Noble, for the good of the society, something else happens.

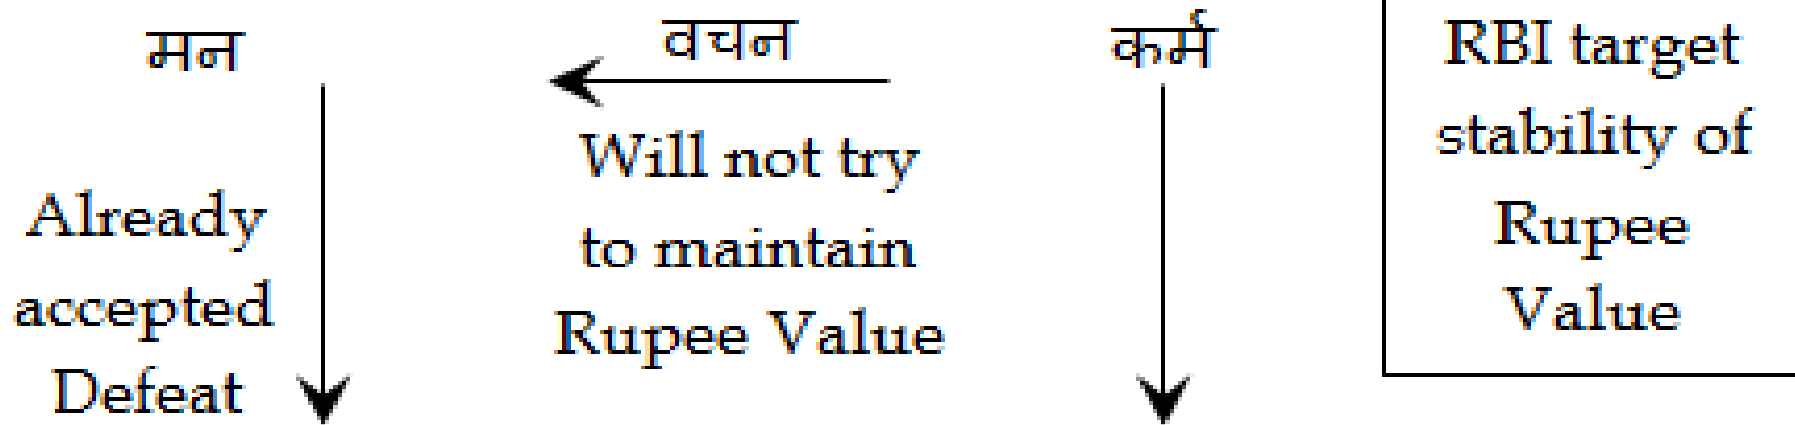

# CAD & Philosophy

- And the person will -

चला जाये सपनों से आगे ।

# RBI

- How can RBI succeed in achieving its targets?

# Life moves in Cycles

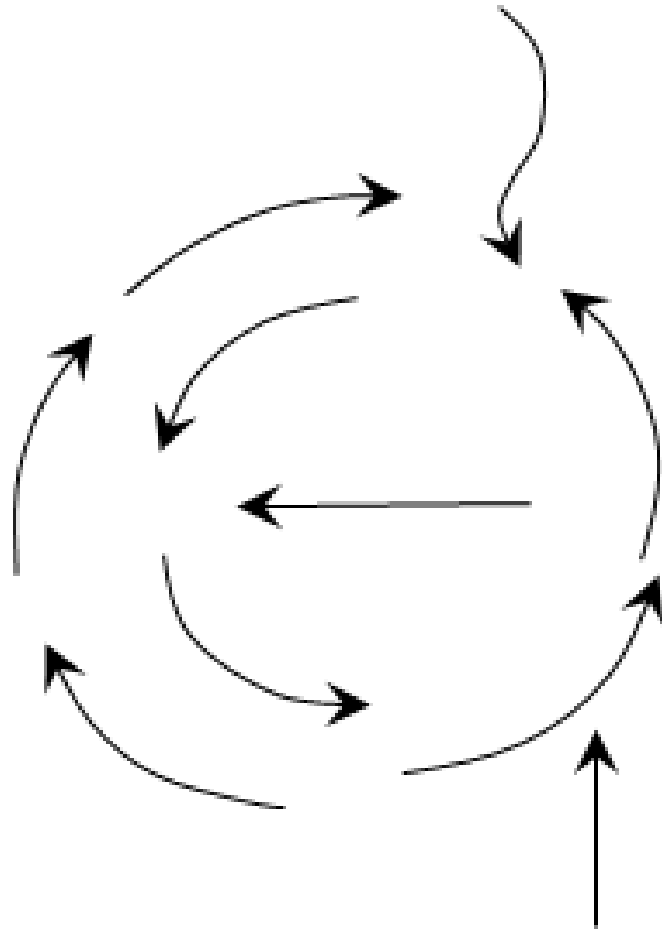

- In the human society there are several cycles working simultaneously.

Some are Virtuous.

Some Vicious

Some Unpredictable,  
Contradictory,  
Directionless.

# Chaos of Cycles

These cycles change their direction, speed & intensity.

# Chaos of Cycles

- No situation is the result of a single cause.
- Out of the multiple causes that affect, many are unknown.
- Some are known but we don't recognise their strength.
